EASTWOOD ATHLETIC DEPARTMENT PHILOSOPHY

The coaches and school administration of the Eastwood Local School District believe that certain high standards are important to a sound athletic program. The Athlete and Coach have a strong influence in the community, in school, with fellow students and with coaches. This influence must be a positive one.

The intent of the athletic program is to be an important part of the total educational process. It gives the students an opportunity to experience, as an individual or in a group, situations that are physically beneficial, mentally stimulating and socially sound.

The major emphasis of interscholastic athletics should be on the student-athlete in which the needs of the student hold the highest importance. While on the field, skilled play and good sportsmanship are of high demand. Every attempt should be made to provide favorable playing conditions in order that the competitive experiences of the athletes may be wholesome and result in the attainment of desirable attitudes and conduct. The rules, regulations and supervision of the program must insure the maximum protection of the health and safety of the players.

The athletic department and its members must promote fair play and good sportsmanship through their actions and words. All rules and regulations of this policy book, Eastwood Local Schools, Northern Buckeye Conference and the OHSAA must be followed. No coach should be put under pressure by the department, school administration or community to win at all costs.

The ultimate goal of the athletic program should be to realize the value of participation without overemphasizing the importance of winning and to develop and improve sportsmanship and positive citizenship traits among the program's participants.

ATHLETIC COUNCIL

4. Act as a policy-making group for the athletic program within the authority vested by the Board of Education.
5. Act as a final determinant for significant athletic problems.
6. Adhere to rules of the OHSAA.

High School Athletic Director sets up the meeting dates. The management of athletic affairs of the Eastwood School District is vested in the athletic council, which shall have authority in all matters pertaining to athletics. A quorum shall consist of a majority of the athletic council. A majority vote of those present shall be necessary to transact business coming before the council. All coaches are invited to place items on the agenda for discussion and action.

By-laws of the council are as follows:

1. Requests by and for the coaching staff will be directed to the council through the athletic directors.
2. Minutes of the athletic council meetings will be recorded and distributed by the athletic director to each member of the council.
3. A general notification of scheduled meetings will be posted on bulletin boards in the high school office, athletic office and elsewhere as deemed necessary by the athletic director.

COACHING EVALUATIONS

I. Statement on Evaluation of Coaches

There is much more to coaching on the interscholastic level than winning. A successful coach needs a broad spectrum of competencies that are, in most situations, not taken into account whenever he/she is evaluated. "Not everyone fits the model of the successful coach and the successful coach is not always the one who wins the game."

There is much to be understood if one is to be a capable coach. Coaches need to understand growth and development patterns, strength development, stress factors, fatigue levels, psychological readiness, maturation rates, learning curves, modern training techniques and proper sequential development of various skills. This list should be much longer, but the important factor to remember is that it takes knowledge and command of many competencies to be a coach.

Without goals and objectives in the program and competencies desired in the personnel identified, it is impossible to assess whether goals are being met, or personnel possess the desired competencies.

To implement a broad comprehensive evaluation of the coaching staff in our school, it will be necessary to incorporate a multi-step process. It should include:

- A thorough job description
- A method for in-season assessment as deemed necessary by the administration
- Procedures for evaluation
- Comprehensive written end-of-season evaluation
- A statement on coach's rebuttal.

The following instruments have been developed to help athletic directors accomplish the goals of coaching assessment and evaluation.

II. Evaluation Procedure with Accompanying Forms for Evaluation of Head and Assistant Coach

Athletic Coaches Evaluation Procedures

The enclosed forms represent appraisal forms for coaching evaluations. The basic purpose behind these forms and the effort of everyone is for improving the instruction athletes receive. Other purposes of an appraisal evaluation system are as follows:

1. To afford an opportunity to identify, recognize and praise quality coaching and instruction.
2. To provide an opportunity to identify potential leadership within a system.
3. To create a climate to achieve individual improvement through job targets.
4. To provide information necessary to make an objective assessment of the performance of a coach.
5. To identify those factors which interfere with a coach's overall contribution to the athletic program.
6. To assure that quality coaching is a responsibility shared by the entire coaching staff.

The following procedures are to be observed in the use of these forms:

1. The Head Coach will conduct evaluations of High School Assistant Coaches.
2. The High School Athletic Director will conduct evaluations of Head Coaches.
3. The Athletic Director and the building Principal will be responsible for the contract recommendation.
4. All evaluations are to be completed within a two- to four-week period after the conclusion of the season involved. Evaluations shall be reduced to writing. Use the form in this handbook.
5. Middle School Athletic Director does evaluations for all middle school coaching positions.
6. The final step is a conference with the Athletic Director to review the written evaluation.
7. A coach may write a rebuttal to the evaluation.

END OF SEASON OBLIGATIONS

1. Each Head Coach shall prepare a list of letter winners and participants and a compilation of team records and scores.
2. Each coach shall complete an inventory and file it with the athletic director in each respective building.
3. Each coach shall participate in an Evaluation Conference.

FAMILY NIGHT

Family night has been set for Wednesday evenings effective with the 1978-79 school year. (Adopted March 20, 1978, Revised 1995)

In essence, this means that no games or practices are to be scheduled on Wednesdays beyond 7:30 p.m. The following procedures should be recognized:

1. All coaches must be sure that their practices do not extend beyond the designated time on Wednesdays.
2. In the event a scheduled game extends beyond 7:30 p.m. on Wednesday's, it is the coach's duty to get his/her athletes out of the building as soon as possible to avoid conflicts with the above Board policy.
3. Any assigned league or state contest may extend beyond this time.

CALAMITY DAY POLICY

When school has been closed due to inclement weather, all scheduled activities are canceled. (Board adopted December 1977). The Superintendent has the authority to waive the calamity day policy on special occasions and tournaments at his discretion. (Board adopted February 1977). Practices will not be held without the approval of the superintendent on calamity days.

SUNDAY PRACTICES

Sunday practices are never encouraged by the Athletic Council or its constituents; however it is understood that under some circumstances an isolated need for a Sunday practice may occur. Therefore, Sunday practices may be held if there is a Monday game or a similar contest that requires a Sunday practice. All Sunday practices must be cleared with the Athletic Director and/or the Principal prior to their occurrence. (Adopted January 1995).

ADMISSION AND TICKET SALES

The Northern Buckeye Conference sets the ticket prices for all varsity boys and girls contests. The ticket prices for Varsity sports (except cross-country, golf, track, softball and baseball) is \$6.00 for adults and \$4.00 for students. For Junior Varsity events, that occur independent of Varsity contests, and for Freshmen events the gate prices are \$3.00 for adults and \$2.00 for students. The Golden Eagle Pass can be obtained by contacting the Athletic Director and is good for admission into any Eastwood contest excluding tournaments. This pass is good only for the staff member and is not transferable. Workers must work a minimum of three games to receive a pass.

ATHLETIC PASS POLICY

The purpose of this section is to explain, the requirements pursuant to Section 117.05 of the Ohio Revised Code, for the distribution of free passes to Eastwood athletic events. This policy will cover the circumstances under which free passes will be distributed and by whom. It will also list qualifying definitions for recipients.

For the same reasons, the middle school principal and the five board of education members shall receive regular season passes. These passes admit two people to all Northern Buckeye Conference contests. TRANSPORTATION OF ATHLETIC TEAMS

1. Arrangements for transportation of teams are made by the Athletic Director and the Transportation Director.
2. All coaches wishing bus transportation to an athletic event must provide requested information to the Athletic Director so that transportation request forms can be completed.
3. Any legitimate complaints such as late arrival of a bus at the school or others must be presented in writing to the high school principal and the transportation director.
4. Coaches are advised to inspect the bus for cleanliness and damage before and after using it. Any particular situation should be reported to the driver before the team boards the bus. This could eliminate any false accusations from being levied against a team or coach.
5. The coach is responsible for the conduct of his or her team while being transported. All rules for bus riding should be adhered to at all times.
6. All team members are expected to ride the bus to and from the contest. Under special circumstances, if a player must return home with a parent rather than ride the bus, the player must fill out a "Request for Change of Transportation" form prior to leaving.
7. Student drivers will not be allowed.
8. Bus Guidelines

COACHES CLINICS

All Eastwood Coaches are encouraged to attend professional meetings (coaching schools, clinics, etc.) to help keep abreast of new developments in the sports which they are coaching. It will be the Athletic Departments policy to pay for some or all of the expenses incurred while attending these professional meetings. All coaches will adhere to the following guidelines when attending clinics.

1. With the approval of the building Principal, a Head Coach may be absent from their teaching duty for two contract days, without loss of pay, for attending a coaching clinic in their sport. Assistant coaches will be allowed one contract day. (Including middle school coaches)
2. In the event a coach (head or assistant) is coaching more than one sport, he/she may use no more than three (3) contract days to attend clinics.
3. If a coach requests to attend another clinic, all other expenses must be paid for by the coach.
4. The Athletic Department will provide a maximum of \$75.00 per coach per sport to cover expenses.
5. Reimbursement of expenses will be paid after receipts have been turned in to the Athletic Director with the exception of the state clinic. Each coach should obtain a tax exempt form prior to attending a clinic since the Athletic Department will not pay for State taxes.
6. Requests to attend said clinics must be submitted at least two weeks in advance to the building principal for approval.

SCOUTING

Responsibilities

1. Coaches in football and basketball will assign their coaches to scout games at their discretion.
2. Video tapes may be assigned to the scout to exchange at the game site with a future opponent.
3. Scouts will travel in their personal car.
4. Only boys and girls basketball may be reimbursed for scouting.
5. Scouts will keep a record of all expenses incurred during the season and submit an expense report at the end of the season.
6. Expenses will be capped at \$150 per sport.

REQUISITIONS AND PURCHASES

All coaches and the athletic director must follow the procedure set up by the Treasurer and Board of Education. Requests for the purchase of new athletic equipment are to be made by the head coach to the athletic director. A purchase order signed by the athletic director, principal, and superintendent must be completed before any order is placed with a dealer. No payments or reimbursement will be made unless the correct procedures have been followed.

At the completion of each sports season, all head coaches will submit a list of needs for the following season. From this list, the head coach and athletic director will develop a budget for that sport. The coach and athletic director together will monitor the budget.

1. Equipment and uniforms are school property and are never to be given to the athletes. Old and no longer used equipment may be purchased by the athletes with approval from the athletic director.
2. The requests for equipment should contain, in writing, the number needed, name brand of item, and the exact cost.
3. Orders for new or replacement equipment should be made as soon as possible to avoid late deliveries.

FUND RAISING POLICY

The only door-to-door, raffle, or any other “intrusive” fundraiser the athletic department or any branch of the athletic department will be involved in is the fall program drive.

All fundraisers (camps, tournaments, spirit item sale, etc.) will first be approved by the athletic director, principal, treasurer and superintendent using the appropriate form.

(Approved, May 1996)

GAME OFFICIALS

All game officials for Eastwood Athletics must be actively registered with the OHSAA. The commissioner of the Northern Buckeye Conference assigns all officials for varsity football, varsity and JV boy’s basketball, and varsity and JV girl’s basketball. The commissioner of the NWOHSSL assigns officials to both the boys and girls soccer games. All other officials for non-league contests, baseball, volleyball, wrestling, and track are contracted by the high school and middle school athletic directors.

The athletic director should send a reminder card to the officials to avoid any problems that may arise in an official not showing up for a contest. Any official that fails to appear for a league contest should be reported to the league commissioner. The athletic director should keep track of any officials who fail to fulfill their contracted duties.

All head coaches must comply with the evaluation process of officials as directed by the OHSAA and the commissioner of the Northern Buckeye Conference.

TOURNAMENT PARTICIPATION

When athletes qualify for advanced tournament competition, the Athletic Department will cover expenses for the qualifier. Admission for the contest, room and meal expenses (\$20 per day for meals and \$8 for evening meal only) will be covered for every player in uniform, alternates and the coaches. ~~Every player in uniform and coach will also be covered.~~ Those teammates who did not qualify will be required to cover their own expenses. Students will be excused from school for practice and competition that is customary for the particular sport. In addition one teammate may also be excused to accompany the qualifier.

PROCEDURES FOR INJURIES AND ILLNESS

Since all physical activity involves a certain amount of risk as far as injuries to the athlete is concerned, coaches must be aware of certain established procedures to follow when an injury occurs.

1. All coaches must have completed a course in CPR and have taken a seminar in Sports Medicine.
2. You must provide first aid and evaluate the extent of the injury. If there is no trainer available, call for help immediately by notifying the nearest EMS squad.
3. Make sure that you have the athlete's Emergency Medical Form available and follow the instructions on it. If the parents are not present, telephone them immediately and give them only the necessary information. Do not go into detail or try to diagnose the injury.
4. An Athletic Injury Report form should be filled out after the injury and filed with the athletic director and trainer no later than 24 hours after the incident.
5. If you are at another school and an injury occurs, stay with the injured player in spite of the game conditions. Have an assistant coach or another adult stay with the team until someone arrives to help the injured athlete.
6. As a matter of personal interest and professionalism, contact the athlete or parents at a later time concerning the injured athlete.
7. Illness to an athlete should be treated the same as an injury.
8. Athletes that have been out of action for a time because of illness or injury, and were under the treatment of the trainer or family physician must have a written statement allowing return to competition.

FACILITIES AND PRACTICE TIME

Since 12 athletic teams seek use of the five gymnasiums in the Eastwood School District during the winter sports season, it is necessary that certain procedures be followed in an effort to avoid confusion and conflicts.

1. The Athletic Director and involved Head Coaches will set the master schedule for gym use.
2. All coaches who desire additional practice time on Saturdays, during vacation periods or off-season must notify the athletic directors for approval.
3. Coaches shall follow very closely the time frame made available to them as a matter of courtesy to other coaches.
4. The athletic director along with the coaches will make every attempt to give all teams, boys and girls, equal treatment in regard to times and the number of practices.
5. Attempts should be made to schedule practices early for any team, which has a game on the following night.
6. Any coach who desires to deviate from the posted schedule must notify the athletic director so adjustments can be made. This includes the notification if a practice is canceled.

7. Coaches shall use reasonable judgment in regard to the number and length of practice sessions. Under no circumstances should a practice extend beyond 2 1/2 hours for a high school sport or 2 hours for a middle school sport.
8. For summer and off-season open gym and conditioning, all coaches must follow all rules set by the OHSAA, league and Eastwood Schools. All coaches must remember that this is not in-season practice time and it should not be everyday during the summer.

USE OF ATHLETIC EQUIPMENT AND FACILITIES

It is important to emphasize to all athletes their responsibilities as squad members to take care of school equipment and facilities and to report any abuses to their coach or the Athletic Director. Replacing equipment and repair to facilities can only result in a loss of money that could be used elsewhere in the athletic program.

1. Athletic department-issued equipment is to be worn only during practice sessions and contests, or by permission of the coach. At no time are athletes to wear school-issued equipment or uniforms for:
 - A. Gym classes
 - B. Work or job
 - C. Socially
 - D. School-wear (see policy below)
2. Varsity level teams may wear uniform tops or warm-ups on certain game days only. Normally, the wearing of school athletic items will be reserved for special occasions.
3. In particular sports where athletes buy a portion of their practice or game uniforms, these may be worn at the discretion of the athlete.
4. Athletic equipment of the school district will not be loaned to outside groups except with the approval of the Athletic Director in unusual circumstances.
5. All athletic facilities will be scheduled by the request of the coach with the athletic director.

LOCKER ROOM RESPONSIBILITIES

Security

1. Each coach is responsible for the action of members of his/her team from the time they report to the locker room until they leave the building after practice.
2. The coach shall see that lights and showers are turned off, the doors are locked, equipment is locked up and the room left as neat as possible.
3. Since many coaches will be using the locker room office area, each coach must make an effort to keep this area as neat and clean as possible.
4. Each coach shall keep a record of the lockers and locks used.
5. All coaches will be issued a set of keys by the athletic director and will return these keys at the end of the school year unless permission has been granted to keep the keys.

Athlete Rules

1. Rough housing is not allowed in the locker room.
2. All showers must be turned off after showering.
3. No one except coaches and assigned players are allowed in the locker room.
4. No glass containers are allowed in the locker room.
5. All spiked or cleated shoes must be put on and taken off outside of the locker room in extreme muddy weather. No spikes or cleats are allowed in any other part of the school building.
6. Equipment must be removed from all lockers by the end of the first school day following the conclusion of each sports season.
7. All athletes should make prior arrangements for transportation home to avoid the use of the office phone.
8. Locker room pop machines benefit the athletic department so coaches should control their use. All cans are to be deposited in the refuse containers and not taken into the building or gym.
9. Athletes are not to be in the training room unless they are receiving treatment or being examined by the trainer or coach. Use of training equipment must be authorized and supervised by qualified personnel of the school.
10. The weight room will be controlled by the strength coach. Both out-of-season and in-season coaches may supervise the weight room on a schedule as established by the strength coach. At no time are athletes to use the weight room without authorized supervision. You have the responsibility of being in the weight room with athletes under your supervision.

SQUAD SELECTION

Philosophy

In accordance with our philosophy of athletics and our desire to see as many students as possible participate in the athletic program, we encourage coaches to keep as many students as they can without compromising the integrity of their sport. Obviously, time, space, facilities, equipment, personal preference, and other factors will place limitations on the most effective squad size for any particular sport. However, when developing policy in this regard, please strive to maximize the opportunities for our students without diluting the quality of the program.

Cutting Policies

1. Choosing the members of athletic squads is the sole responsibility of the coaches of those squads.
2. Lower level coaches shall take into consideration the policies as established by the Head Coach in that particular program when selecting team rosters.
3. Prior to trying out, the coach shall provide the following information to all candidates for the team:
 - a. extent of try-out period

- b. criteria used to select the team
 - c. number to be selected
 - d. practice commitment if they make the team
 - e. game commitments
4. When a squad cut becomes a necessity, the process will include three important elements. Each candidate shall:
 - a. have completed three to five practice sessions.
 - b. have performed in at least one intra-squad scrimmage.
 - c. be personally informed of the cut by the coach and the reason for the action.
5. Cut lists are not to be posted.
6. Coaches will discuss alternative possibilities for participation in the sport, or other areas in the activities program.
7. If a coach foresees difficulties arising as a result of squad cuts, he/she should discuss the situation with the Athletic Director.

INTERSCHOLASTIC SCRIMMAGES

Scheduling

Interscholastic scrimmages shall be scheduled by the head coach of each sport with the approval of the Athletic Director.

- a. Scrimmages are to be scheduled with no loss of school time.
- b. Junior Varsity, Freshmen and middle school scrimmages may be arranged.

Definition of a Scrimmage

The Ohio High School Athletic Association regulations are:

- a. An interscholastic scrimmage shall be defined as a contest in sports in which the rules of the sport are not followed in all respects. The length of the scrimmage shall be limited to a maximum of three consecutive hours per squad or individual per day for grades 9-12 and two consecutive hours for grades 7-8.
- b. A scrimmage may involve any number of teams from various schools.
- c. No admission of money, materials or supplies may be charged for a scrimmage. Voluntary donations of supplies or money may be accepted at a scrimmage, but cannot be required for admission.
- d. In short, scrimmages cannot equal or approximate actual game conditions.

Officials

If the coach desires the use of registered officials for a scrimmage, he/she must personally secure their services.

COMMUNITY ATHLETIC PROJECTS (CAP)

Role of the Organization

CAP exists as an organization of parents and community members dedicated to:

1. Supporting, encouraging and advancing the athletic program and related activities of the Eastwood School District, thereby cultivating clean, wholesome school spirit, promoting good sportsmanship, and developing high ideals of character.
2. The club shall promote projects to improve facilities and equipment necessary to provide an adequate athletic program for the school district.
3. The club shall not seek to influence or direct the technical activities or policies of the school administration or of the school officials who are charged with the responsibility of conducting the athletic program of the schools of the district.
4. The club shall do nothing which violates the rules of the Ohio High School Athletic Association or in any way jeopardizes the membership of the school in this association.

Financial

CAP contributes many thousands of dollars to the athletic department for capital improvements to the athletic facility.

Relationship with Coaches

Coaches are encouraged to take advantage of every opportunity to work with CAP in their many fund-raising projects during the course of the year, especially in the annual reverse raffle. The more coaches become involved in CAP, the more it will strengthen good-will between the community and the athletic department.

Relationship with the Athletic Director

The high school Athletic Director will attend CAP meetings and act as official liaison between the club and the school.

EASTWOOD HIGH SCHOOL/MIDDLE SCHOOL
ATHLETIC CODE OF CONDUCT

Revised June 2008

Athletic Code of Conduct

The athletic department, administration, and Board of Education of the Eastwood Local School District believe that participation in athletics is a privilege. Athletes are those individuals that participate in interscholastic competition and cheerleading. Additionally, since athletes are in positions of influence among their peers and with younger students as well as others within the community, they should be positive role models and demonstrate appropriate leadership. Therefore, student-athletes are expected to accept seriously the privilege and responsibility of representing Eastwood Local Schools and its community while participating in interscholastic athletics. All athletes should act in a manner, which will bring honor to themselves, their team, squad, or school as opposed to putting themselves, their team, squad, or school in a position of disrepute, unfavorable regard, or disdain. This means that high standards of sportsmanship will be the prevailing hallmark of Eastwood athletes at all times while they are engaged in athletic competition or activity. Additionally, high standards of civility, decency, and behavior need to be maintained in school, at home, and in the community. To that end, all athletes must conform to the guidelines and directives of the Ohio High School Athletic Association (OHSSA), Eastwood High School's Athletic Code of Conduct and Student Code of Conduct, and laws of the community.

Specifically, with regard to the above, all athletes are directed to refrain from the use, possession, or transmitting of drugs, alcohol, narcotics, intoxicants, or any mind altering substance in any form. Athletes are also directed to refrain from the use or possession of any tobacco products or materials.

This drug/alcohol and tobacco regulation will be enforced twenty-four hours a day for one calendar year (starting with the first day of practice in the fall). Only referrals from coaches, other Eastwood staff members, and law enforcement agencies will be used as sources to initiate an investigation, which could lead to a student being denied participation in an athletic program.

The following procedures will be followed and consequences assessed by the Athletic Director or Principal when an athlete is found to be in violation of the athletic code of conduct:

Drug/Alcohol/Tobacco/Steroid Violation

Definitions

1. Self-Referral
 - a. Athlete turns self in before being confronted by a coach or school official.
Parent/Guardian of athlete turns son/daughter in before athlete is confronted and admission results.
2. Non-Self Referral:
 - a. Matter of public record. Police log or report.
 - b. School personnel or government official with first hand knowledge reports violation to any coach, athletic director, or principal.
 - c. School officials, upon investigation, determine that in his/her best judgment, a violation of the conduct code has taken place.
3. Denial of Participation

- a. Students who violate the Athletic Code of Conduct may be denied the privilege of participating in athletics. The “denial of participation” will be completed by the athletic director or principal.
- b. The number of games an athlete can be denied will be determined as a percentage of the OHSAA formula for determining the number of regular season contests a student may participate in. For example: 20 contests in basketball, 10 football games, 20 wrestling points, 16 cross country meets, etc. Coaches may allow an athlete to participate with the approval of the athletic director.
- c. Any player who has received an in-school reassignment at the SSSP program at the Wood County Juvenile Detention Center or who received a suspension from school is not eligible for practices or contests.

First Offense

1. First Offense/Self Referral to any coach, athletic director or principal. This is to be taken as a “Cry for Help”. An administrator will meet with the athlete and the parents to determine steps for assessment. This is to be paid for by the parent/guardians. This may be done internally.
2. First Offense/Non-Self Referral - This will result in the athlete being denied participation for 20% of their season. There is no opportunity for reduction. The athlete will forfeit all leaderships on their team.

Second Offense

1. Self-referral for the 2nd, 3rd and 4th offenses is not an option.
2. Non Self-Referral – This will result in 100% denial of participation in that season or the equivalent of. It can be reduced to 50% if the student/athlete and their parents agree to have the student/athlete evaluated by a certified drug/alcohol/tobacco counselor and the student/athlete complies with the recommendations of the counselor. Must be done at parents’ expense and evaluation must occur before reduction of denial of participation goes into effect. A copy of the evaluation and recommendations of the evaluation must be released to the athletic director in order to qualify for the reduction provided for in this paragraph.
3. All awards and leadership roles will be forfeited.

Third Offense

1. Non Self-Referral - This will result in the athlete being suspended for one calendar year for all extra-curricular activities from the date of suspension as determined by the administrator. Can be reduced to 100% of season if the student/athlete and their parents agree to have the student/athlete evaluated by a certified drug/alcohol/tobacco counselor and the student/athlete complies with the recommendations of the counselor. This must be done at the parents’ expense and the evaluation must occur before reduction of denial of participation goes into effect. A copy of the evaluation and recommendations must be released to the Athletic Director in order to qualify for the reduction provided for in this paragraph. All awards and leadership roles will be forfeited.

Fourth Offense

1. Non Self-Referral – This will result in denial of participation for the remainder of the student/athletes' high school career. There will be no opportunity for reduction.

*****After one calendar year from the 4th offense the student/athlete and his parents can appeal to the Athletic Council for reinstatement to the athletic program.**

Violations of Student Behavior Code

First Offense

1. Notification of parent/guardian.
2. The team member may be denied participation by the coach or school administration for a total of 20% of the regularly scheduled games, meets, or matches. Denial of participation will begin immediately with the next scheduled contest. The team member may practice at the discretion of the coach. If the infraction occurs near the end of the season, the number shall be applied to the remaining games including tournament games.
3. This may be carried over to another sports season, which must be completed by the athlete to qualify.

Second Offense

1. Notification of parent/guardian.
2. Removal from athletic participation for the remainder of that sports season.

Criminal Violations

First Misdemeanor Offense

1. Notification of parent/guardian

Denial of participation will begin immediately with the next scheduled contest. The team member may practice at the discretion of the coach. If the infraction occurs near the end of the season, the number shall be applied to the remaining games including tournament games.
3. This may be carried over to another sports season, which must be completed by the athlete to qualify.

Second Misdemeanor Offense or Felony Offense

1. Notification of parent/guardian
2. Removal from athletic participation for one calendar year.

Player Responsibilities

1. All equipment issued to a player is to be worn only at practice sessions or scheduled games.

2. Each player and his/her parents are individually responsible for all equipment issued. Equipment lost or not returned at the end of the season will be charged to the athlete at current replacement prices. Until all equipment is returned or restitution made, the athlete will not be eligible to participate in the following sports season.
3. In order to participate in a game or practice session, a player must be in school a minimum of four periods and it must be the last four periods of the day (in by 10:07am). 4. All players must uphold the traditions of sportsmanship and fair play.
5. An athlete must be enrolled in at least (or the equivalent of) five (5) credits and he/she must pass all five subjects. Eligibility will be determined on a quarterly (9 week) basis. 7. As a matter of respect to a coach and other members of a team, an athlete is expected to attend the awards banquet or other awards presentations.
8. If an athlete decides to quit a team, he/she has the responsibility to return all equipment immediately to the coach and to explain the reasons for his/her quitting.
9. An athlete will not be allowed to practice or participate in a succeeding sports season until he/she has returned all equipment or uniforms from the preceding season and paid all related fees for that sport. The athlete also will not receive any Eastwood awards; and will not (in the case of seniors) receive grades at the end of the school year until all equipment is turned in and fees paid.
10. An athlete will not engage in criminal activity or violations of civil law. See preceding Code of Conduct for consequences of violation of this policy.

DUE PROCESS PROCEDURE

The due process rights of athletes are recognized and protected by this policy. The following due process procedures are guaranteed to all athletes when an infraction is reported:

8. Adhere to the Eastwood Athletic/Academic Policy as listed below.

Scholarship Eligibility Requirements

1. Eastwood athletics shall be governed by all the rules and regulations of the Ohio High School Athletic Association (OHSAA).
2. Eastwood athletics shall conform to the adopted policies of the Eastwood Board of Education. These policies may be in addition to, but not to conflict with the bylaws of the OHSAA.

OHSAA Bylaw 4-4 Scholarship

High School: A student must enroll in at least (the equivalent of) 5 credits and he/she must pass all five subjects. Eligibility will be determined on a quarterly basis. An athlete's eligibility status will become effective the fifth school day of the new term. An athlete will remain eligible/ineligible for the entire quarter. No special recitations or tests shall be given for the purpose of making a pupil eligible.

Any student entering their Freshmen year, must pass 75% of their classes in the fourth quarter of their 8th grade year.

A student enrolled in the first quarter after advancement from eighth grade must have passed 75% of those subjects carried the preceding grading period in which the student was enrolled.

An ineligible student may practice at the pleasure of the coach, but may not dress nor participate in any interscholastic scrimmages or games during the period of his/her ineligibility.

Middle School: A student enrolling in the seventh grade for the first time will be eligible for the first grading period regardless of previous academic performance. Thereafter, in order to be eligible, a student in grades seven or eight must be currently enrolled and must have been enrolled in school the immediately preceding grading period and receive passing grades in that grading period in 75% of those subjects carried the preceding grading period in which the student was enrolled.

Eastwood Board Adopted Policy

The Eastwood Board of Education, in compliance with the 1997 House Budget Bill, has adopted an Academic Eligibility Policy. A grade point average (GPA) of 1.5 must be established and maintained throughout an athlete's career at Eastwood. The GPA will be based on the preceding grading period. Students not meeting this requirement will be allowed a probation period. (For requirements/restrictions of probation period see Probation below.)

Probation: Students will be allowed a probation period if they should fall below a 1.5 GPA. Students will be allowed three probation periods: (1) one for a student's seventh and eighth grade years, (2) one for a student's ninth and tenth grade years, and (3) one for a student's eleven and twelfth grade years. The use of the Probation Period will occur automatically whenever a student's GPA falls below 1.5 and will occur regardless of whether or not an athlete is in season.

Example: Jon Smith is a freshmen track athlete. At the end of his first nine weeks Jon's grades fell below the required 1.5 GPA. Jon is now on probation for the second nine weeks (Jon has used his one probation period for freshmen and sophomore years.) Track season approaches and Jon's grades fall below a 1.5 for the third nine weeks. Jon is ineligible to compete on the track team.

Pass/Fail Policy

No student shall be eligible if he/she receives more than one failing grade in the preceding grading period. (A student becomes ineligible on the second failing grade.)

TWO SPORTS IN ONE SEASON

Any athlete may play two sports in one season given that the following guidelines are adhered to:

1. The coaches agree on practice/game schedule for the athlete prior to the season

2. The athlete's parents and coaches meet with the athletic director prior to the season's beginning.
3. One sport must be chosen as a primary sport and it would take precedence should there be a conflict in game schedules

ATHLETIC AWARD SYSTEM

The award system at Eastwood is structured to honor participation and performance in sports. The coach has the privilege of adding to or detracting from this rule. The coach must be sure his decision is best for the individual, the sport, and the school.

1. A student may receive only one varsity block (E) letter for all sports in which he/she participates and successfully meets the requirements necessary to win the award.
2. A student will receive an insert, which can be placed on the letter, for each sport in which he/she may receive a letter.
3. The second year award is a certificate and a bar insert.
4. The third year award is a certificate and a bar insert.
5. The fourth year award is an informational plaque, lifetime athletic pass and a bar insert. (Change made 6/03)
6. A manager may receive a letter at the discretion of the coach. It is recommended that a letter be awarded after two seasons of varsity work. The seasons do not have to be consecutive.
7. The giving of awards to an individual is based on the individual's meeting the necessary requirements in each sport set by the coach and on the recommendation of the respective coach.

The requirements for an athlete to earn a varsity letter award are established by the head coach of each sport. The coach's criteria for such awards must be submitted and approved by the athletic director or principal prior to the beginning of the season. If no changes or additions are submitted by a coach, the requirements as listed in this policy manual shall be in effect.

TEAM AWARDS

In the event a Varsity team is recognized as **NBC** Champions, the Athletic Boosters will purchase championship T-shirts up to \$8.00 per item and championship chenille patches for each varsity letter winner and coach.

GUIDELINES FOR AWARDS NIGHT

Head Coach

1. Thank everyone who helped with your season.
2. Keep comments about season brief and positive
3. Make sure every player is introduced by name.
4. Comments about each player should be brief and positive. Keep most comments for seniors.
5. Do the talking for your team. You run the awards part of the program.

Jr. Varsity/Freshman Coach

1. Thank people special to your season.
2. Comments about your season should be brief, positive. Save time for the varsity coach to make most of the comments.
3. Introduce each player by name. Save time by calling the entire team forward together, then introducing each player.

General Guidelines

1. Unexcused players - no comments.
2. Public predictions or announcements of next year's varsity players are unfair to underclassmen.
3. There are parents in the audience who care only about their athlete. Play by play descriptions of a season makes your presentation drag and takes time away from honoring the teams.
4. Be positive - no excuses need to be made for anything.
5. Double check names, grade level, numbers - people pick up on this.

Comments to Avoid

1. Talking about the past (players or coaches).
2. Predictions about the future (they can haunt you).
3. Anecdotes not appropriate for a more formal awards ceremony.
4. Recruiting for next year's team - it makes this year's players feel inadequate.
5. Talking about other teams or schools.
6. We are not inferior to any team we play - especially St. Johns, Perrysburg, etc.
7. Season review - keep it short and positive.
8. If you plan to resign from your coaching position, please do not announce this at the awards banquet.

A boy or girl will receive a varsity award if he or she:

1. Participates in 50% of all meets.
2. Averages one and one quarter scheduled meet. Relay points will be divided among the members of the team. During invitational meets, each member of the relay team will get credit for the place points.

This award goes to one male and one female student who demonstrate outstanding traits of sportsmanship.

5. 1ST TEAM ALL-STATE HALLWAY

The criteria for inclusion in the 1st Team All-State Hallway are as follows:

Voted Sports

In sports such as Football, Volleyball, Soccer, Basketball, and Softball respective coaches associations are involved in a voting process. An athlete is named All-Ohio through this process. If they are voted to the 1st Team, they have qualified for this award. In Baseball, there are two ways to gain inclusion: 1) be voted to the 1st team by position by the coaches association, 2) be selected to represent your District in the State Coaches All-Star Game now called the Mizuno Classic.

Qualification Sports

In sports such as: Golf, Cross Country, Wrestling and Track & Field, an athlete obtains all-state honors based upon performance. Traditionally, the top six athletes in each individual event are considered 1st Team All-Ohio; however the respective coaches associations may modify this structure.

Additional Criteria

In all sports, an athlete should qualify for the All-State Hallway if the Coaches Association in that sport designates an athlete to the 1st Team All-Ohio.

Representation

Any athlete who has met the above criteria shall have a plaque in the shape of Ohio embossed with their accomplishment placed in the hallway near the gymnasium. IMPORTANT
INFORMATION LETTER

FOOTBALL MAY BE HAZARDOUS

There have been many improvements made in protective equipment to reduce injuries in the game of football. There have been rules changes, changes in coaching techniques and advances in sports medicine, all for the purpose of decreasing injuries.

Football causes fewer injuries and deaths than caused by highway accidents. Sports like swimming, rafting, boating, and racing all produce more catastrophic injuries than football.

However, it is important for you to know that injuries do occur in football and that some of these injuries are catastrophic. Catastrophic injury means permanent, serious injury such as total paralysis, partial paralysis and even death. It is possible for this to happen to you and you should fully understand this before participating in the sport.

.....

I have read the above statement and fully understand its implications. I recognize the risks of participating and waive any and all claims against Eastwood School District, and its Athletic Department and staff.
